

Meeting Minutes April 16, 2015

1 Attendees

Nick Hockensmith
Kevin Park
Dane Skinner

2 Discussion Topic 1

Progress on work

2.1 Dane

- K-means, K-medoids, and K-means++ are complete
- Algorithms have trouble clustering data

2.2 Kevin

- Spectral Clustering is done with nice looking plots

2.3 Nick

- Hierarchical Clustering done with nice looking dendrograms

3 Action Plan

- Try clustering with fewer groups to see what happens.
- Try subsetting data to see if clustering works better within known clusters.
- Write out methods and results.
